## IMPORTANT SAFETY NOTICE

Dear Costco Member,

Our records indicate that you purchased a Cuisinart Vertical Waffle Iron, Model No. VWM-200PC (Costco Item No. 2520766), between August 12, 2018 and October 3, 2018. It has come to our attention that a small number of waffle irons sold during this timeframe may have been assembled improperly, creating a risk that the insulation on wiring in the base of the unit could break down over time and cause the unit to malfunction.

Out of an abundance of caution, we ask that you stop using the unit immediately and return it to your local Costco for a full refund.

If you have any questions or concerns, please feel free to contact our Customer Support Team toll-free at 1-877-619-7692.

Thank you for being a Cuisinart customer. We sincerely apologize for any inconvenience.

Sincerely,  
Conair Corporation
